SUBJECT: IAEA: PRESSING INDONESIA ON NEED FOR FULL IRANIAN  
COMPLIANCE

REF: STATE 157039

Classified By: Pol/C Joseph Legend Novak, reasons 1.4 (b,d).

¶1. (SBU) On November 20, Pol/C reviewed reftel points with Albert Matondang, a senior official at the Coordinating Ministry for Political, Security and Legal Affairs. On November 19, Pol/C also delivered points to Trini Gunarti, Deputy Director for North American Affairs at the Department of Foreign Affairs (DEPLU).

¶2. (C) Pol/C underscored--with both interlocutors--that Iran's cooperation with the IAEA remains selective and incomplete. He also noted that Iran had an obligation under UNSCR 1747 to halt all reprocessing activities--an obligation it has yet to meet. Iran's failure in this regard warrants immediate action by the UNSC. Pol/C urged that Indonesia--as a member of the UNSC--press the Iranian government to meet all its international obligations in a complete and verifiable manner.

¶3. (SBU) Neither Matondang and Gunarti had a substantive response. Gunarti said the Indonesian government was reviewing the IAEA report and would carefully consider the USG position.

¶4. (SBU) As part of Mission's comprehensive outreach strategy on Iran, Mission plans to host a digital video conference (DVC) with U.S. PermRep to the IAEA Ambassador Gregory Schulte, and Indonesian policy-makers and foreign policy experts on November 20. The DVC will provide an opportunity to make the case on Iran's non-compliance directly to key Indonesians.
